Asmi Surfaces is a leading distributor of tiles, natural stone, quartz, and mosaic in Midwest America. The name Asmi is derived from the Sanskrit word "asmi" which means "I am". It was inspired by our love for design and the way art can transform your space into something truly special. Asmi resonates with the company's core value of treating customers as individuals and taking the time to understand their needs and desires.

We have grown to become one of the largest distributors with an extensive portfolio of products. Asmi's commitment to quality is what makes us the top choice for all your tile, natural stone, quartz, and mosaic needs.
