# ASMI

• STONE & TILE •

'Asmi' is derived from an ancient sanskrit language word '*brahmasmi*' & connotes the expression - '*I AM*'.

The name made an instant connect with us. Its uncommon yet easy to recall & truly resonate our passion towards our product offerings.

The two columns which form letter '*M*' in Asmi's typefont - represent the two prime surface segments of '*Slabs*' & '*Tiles*'

'Asmi Stone & Tile' reflects the core expression of our company's ethos: '**I AM Stone & Tile**'.
