The all-new Wave Collection blurs the lines between indoor and outdoor spaces with calm colors inspired by the natural world. Fresh and graceful, these porcelain tiles feature subtle movement and neutral tones that range from serene greys to peaceful blues. The collection is complemented by matching 12" x 24" Art Nouveau-inspired fanned decos, streamlined and repeated in a symmetrical pattern, as well as trending mosaics and trim pieces.

# GET ARTISTIC

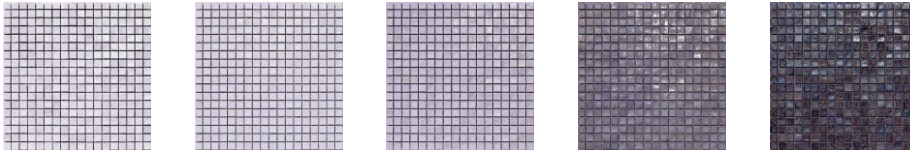

Drawing inspiration from the timeless beauty of Murano glass and the rich tradition of Italian mosaic craftsmanship, the Murano Smalto collection presents a symphony of colors that captivate the senses. Each mosaic piece is meticulously crafted, capturing the essence of color in its purest form. The collection's emphasis on solid colors allows for a striking interplay of hues, enabling endless creative possibilities in interior and exterior design projects.

Featuring a wide selection of field tile shapes and moldings, 6th Avenue also boasts a sophisticated range of mosaic fields, from floor-ready hexagons to modern, organic inspired shapes.

# SPECIAL FEATURE

## Fluted Tile

*By Marble Systems*

Fluted Tile Collection consists of carved stone tiles with a modern edge. They're a novel way to bring a dramatic look to contemporary rooms. "Flute" refers to a statement-making reeded style that is deeply carved.

These marble tiles create a visual tour de force of modern design. Due to their clean lines, they make an amazing field tile, especially when flipped vertically to create a continuous reeded wall of natural stone.

This collection is a testament to craftsmanship, artistry, and the timeless allure of natural stone.
