In this issue of ASMI Surfaces Newsletter, we're thrilled to introduce you to some of the finest additions to our curated collection of natural stone and premium porcelain tiles. Each product line we feature embodies the luxury and quality that ASMI Surfaces is known for, blending tradition with modern design to elevate spaces to new levels of elegance.

Classic Statuario

COLLECTION

Timeless Elegance in White Marble

The Classic Statuario® Collection by Jeffrey Court is a testament to the timeless elegance of white marble. This all-white, natural stone series celebrates the simplicity and beauty of honed and brushed marble, making it the perfect choice for any luxurious installation.

At the heart of this collection is premium-grade white marble, meticulously hand-graded to maintain a pristine white color with soft grey veining that adds a delicate touch of sophistication. The design team selected a brushed finish for the field tiles, achieved by diamond-tipped brushes that gently open the stone's softer sections, allowing the veins to shine through. This results in an antique, yet classic, finish that speaks to the beauty of history and craftsmanship.

Why Choose Classic Statuario®?

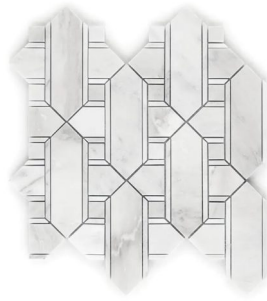

Hand-selected for its subtle yet stunning grey veining

Brushed finish enhances the depth and texture

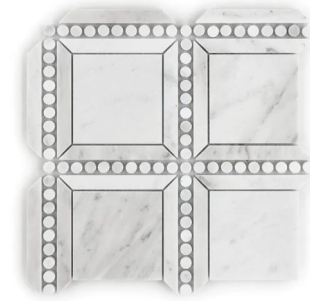

Ideal for creating statement installations with timeless appeal

Proper Pillar Mosaic

Cross Parquet Mosaic

Pointe Square Mosaic

Petite Plaid Mosaic

Città di Faenza

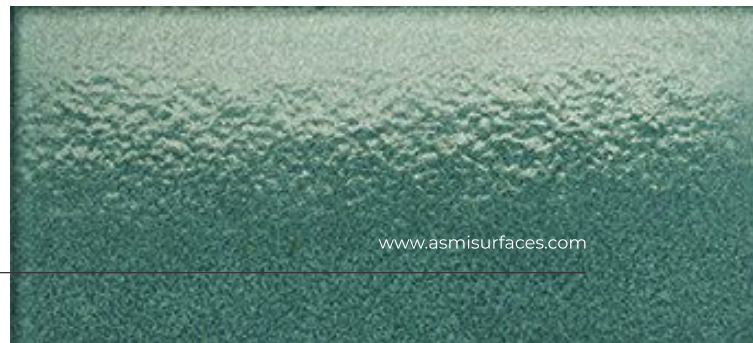

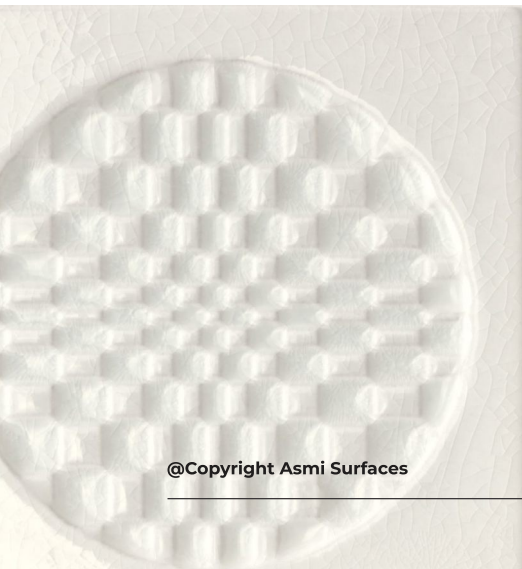

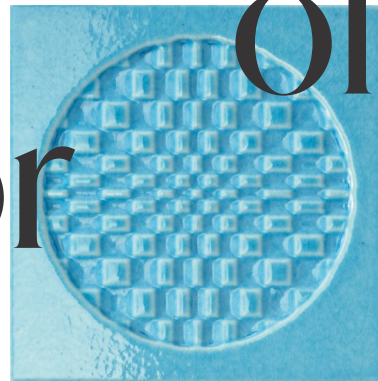

By Stonepeak Ceramics

Color is at the core of the **Città di Faenza Collection by Stonepeak Ceramics**. Drawing inspiration from Italy's **rich artistic** legacy, this collection features a cracked texture that brings dimension and intrigue to every tile. Whether used as a bold focal point or an elegant backdrop, these tiles are sure to impress.

A Celebration of Color

Mary's Thoughts on Città di Faenza

Designed and curated in the heart of Italy, Città di Faenza by Stonepeak Ceramics showcases a unique, dimensional color palette that lends itself to creating a rich design for any space."

Marry Vaughan,
Branch Manager

Incredible look and fine finish

The collection blends vibrant hues and timeless design, offering a refined yet modern aesthetic. These tiles are versatile enough to be used in kitchens, bathrooms, or living spaces, making them a must-have for designers and homeowners alike.

Italian
Craftsmanship
Meets Terrazzo

Uniting Tradition and Modernity

Terrazzo is back in style, and Stonepeak Ceramics' Venice Villa Collection is a modern take on this classic Italian design. The collection replicates the authentic terrazzo look in durable porcelain, offering three distinct finishes: **Polished**, **Natural**, and **Structured**. Whether you prefer the smooth shine of polished tiles or the more organic feel of natural or structured finishes, Venice Villa offers the perfect solution for both floors and walls.

What makes Venice Villa stand out is its homogeneous surface, which ensures a seamless flow from the surface to the edges, providing a cohesive look that's rich in texture and color. Embedded fragments throughout the porcelain add depth and character, ensuring that each piece is as visually engaging as it is practical. This collection is the ideal choice for anyone seeking the aesthetic charm of terrazzo without compromising on durability.

A Stunning Kitchen Featuring

Magnus Oro

In this elegant kitchen, Magnus Oro takes center stage with its striking design. The surface is adorned with a delicate network of dark gray veins, while hints of shimmering gold subtly highlight the veining, adding a touch of understated luxury. The sophisticated quartz countertop seamlessly integrates into the modern aesthetic, complementing the warm, earthy tones of the surrounding decor. With its blend of natural stone beauty and contemporary flair, this space becomes an inviting and visually captivating focal point, perfect for both functionality and style.

Stone of the month

Azul Gold Granite

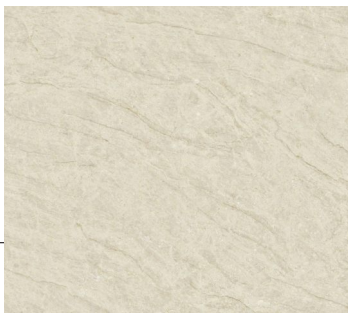

Luxurious natural stone characterized by its primary gold color, complemented by variations of beige and taupe. The unique blend of colors, often highlighted by subtle veining, lends it a sophisticated appearance suitable for various design styles. Available in 2CM and 3CM slabs, it comes in common finishes such as polished and brushed, enhancing its natural luster while ensuring easy maintenance. Ideal for both residential and commercial countertops, Azul Gold Granite is not only durable but also aesthetically appealing.

Additionally, it is suitable for wall cladding in shower areas and can be used in flooring applications across both residential and commercial settings, including exterior areas in freezing climates.

Transform your kitchen with the timeless elegance of **Pristine**, a standout surface from the Taj collection by Aurea Stone. **Pristine** features soft, flowing veins across a serene beige base, featuring classic stone's natural beauty and grace. Its versatile design fits both contemporary and traditional styles, making it the perfect choice for homeowners seeking a harmonious blend of sophistication and functionality. Additionally, Pristine's innovative NEOS Technology provides an anti-stain surface, ensuring long-lasting beauty.

A Final Word

At **ASMI Surfaces**, we believe that every surface tells a story. Whether it's the timeless grace of white marble, the boldness of vibrant color, or the modern elegance of terrazzo-inspired porcelain, Granite, Quartz and Phi stone we are dedicated to bringing you collections that inspire and elevate every space. Stay tuned for more updates as we continue to expand our portfolio of luxury surfaces, ensuring that no matter your vision, we have the perfect material to bring it to life.

Thank you for being part of the ASMI Surfaces community. We look forward to helping you transform your spaces with the beauty and craftsmanship of our premium products.

Why us?

Asmi Surfaces is a 'One-Stop-Point' to design the spaces people experience everyday - homes, offices, commercial spaces & every bit of the world around, by being a single point for stocking, selecting, specifying & distributing an exhaustive range of surface materials.
