ASTERPIECE

December 2024

CELEBRATE IN STYLE

Premium Tiles and Natural Stones to Transform Your Spaces.

Welcome to the **December edition** of our newsletter from ASMI Surfaces! As we embrace the final month of the year, we invite you to explore the serene beauty of our featured products and design philosophies. This month, we delve into the tranquil aesthetics of Phi Pristine, the harmonious blend of Japanese and Scandinavian styles, and innovative outdoor solutions that elevate your spaces. Join us as we celebrate elegance, functionality, and the art of design.

PHI PRISTINE

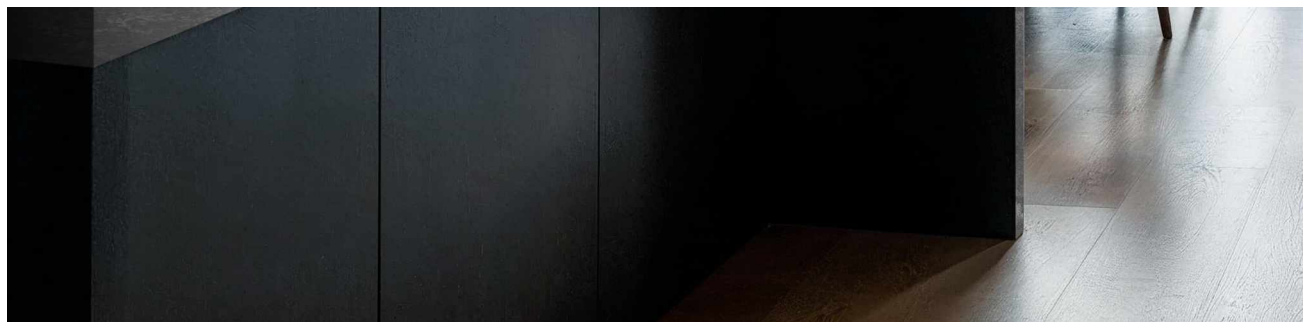

Discover tranquility with Phi by Aurea Stone—where gentle streams of light gray flow across a soft, translucent backdrop. This design features delicate caramel veins that infuse warmth and sophistication, making it an ideal choice for countertops, vanities, and walls. It embodies a timeless essence that transforms any space into an oasis of calm and beauty.

EAST-MEETS WEST INTERIORS

JAPANESE + SCANDINAVIAN

Japandi style is a seamless blend of Japanese minimalism and Scandinavian functionality, creating serene, uncluttered spaces. With natural textures, muted tones, and a focus on harmony, Japandi transforms interiors into calming sanctuaries of timeless elegance and practicality.

EMBRACING JAPANDI WITH OUR TILES

Trax Mosaic By Jeffreycourt

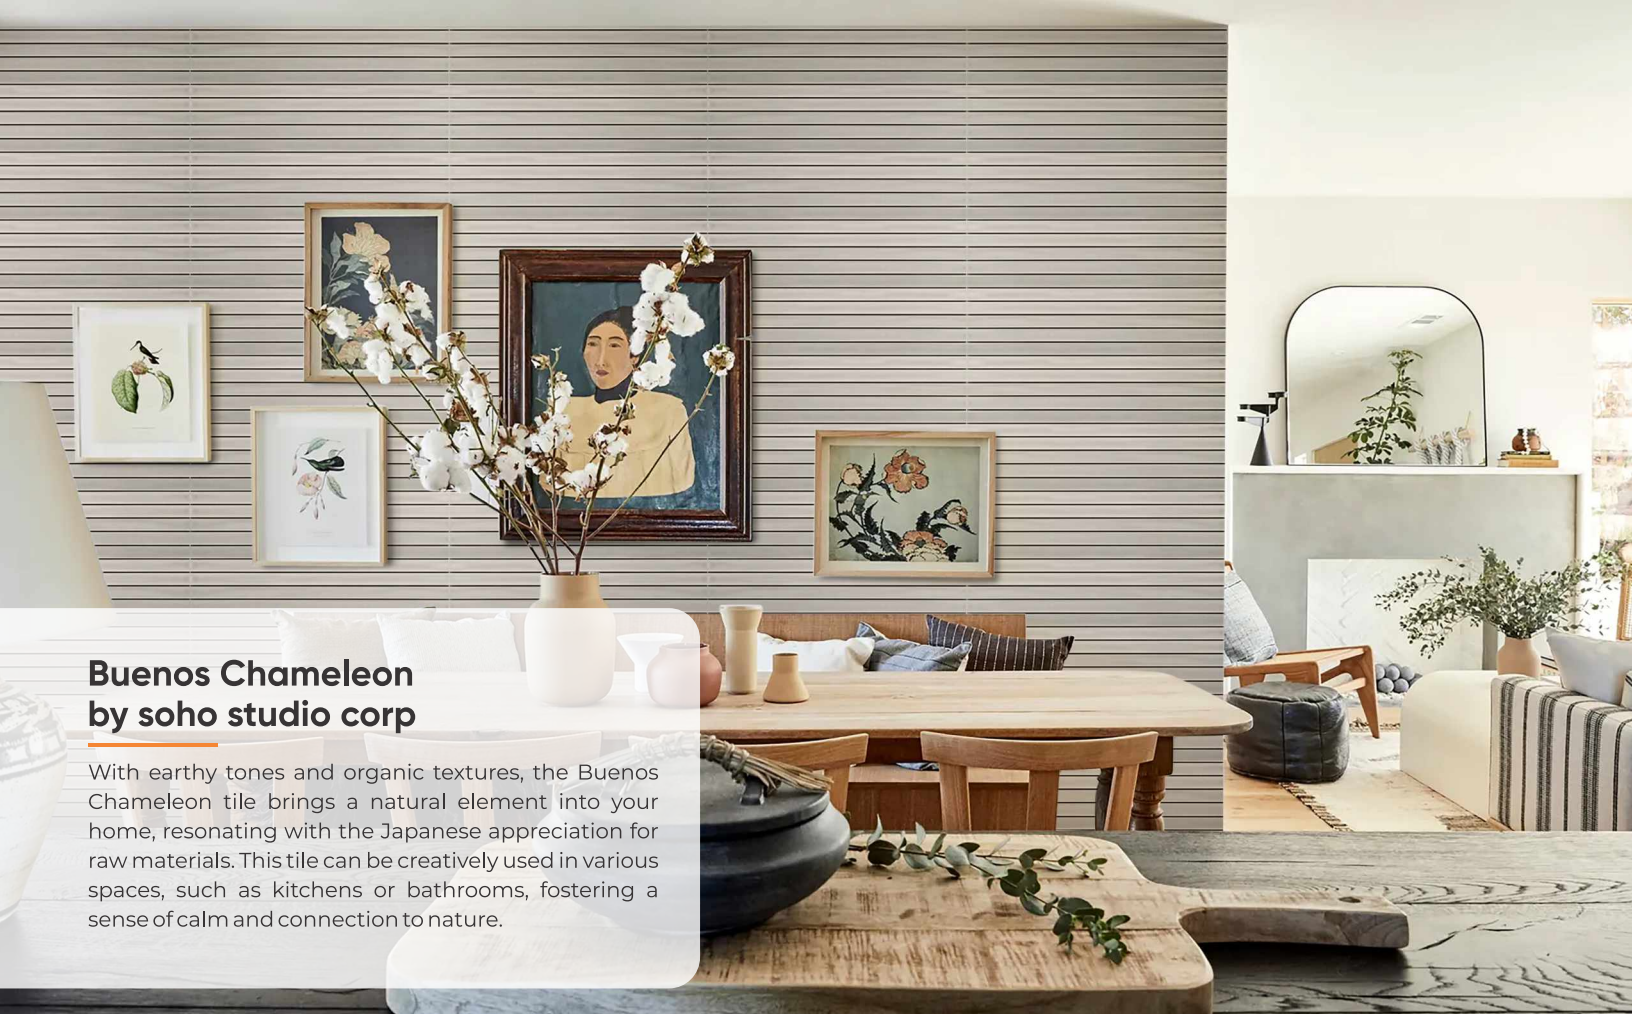

The Trax Mosaic tile embodies the Japandi ethos with its understated elegance and subtle textures. Its neutral palette allows for a bright and airy environment, perfect for enhancing the tranquility that defines Japandi interiors. The geometric patterns add a modern touch while respecting the simplicity central to this design philosophy.

Impressions Concept Blanco by mir-mosaic

Ideal for those looking to incorporate a clean and minimalist aesthetic, the Impressions Concept Blanco tile features soft white tones that reflect light beautifully, creating a spacious feel essential in Japandi design. This tile serves as a perfect canvas for adding natural elements like wood or greenery.

Buenos Chameleon by soho studio corp

With earthy tones and organic textures, the Buenos Chameleon tile brings a natural element into your home, resonating with the Japanese appreciation for raw materials. This tile can be creatively used in various spaces, such as kitchens or bathrooms, fostering a sense of calm and connection to nature.

Alpine Wall by AKDO tile

The Alpine Wall tile captures the rustic charm often associated with Japandi interiors. Its wood-like appearance adds warmth and texture, making it an excellent choice for accent walls or flooring, reinforcing the connection to nature that is paramount in Japandi design.

MAGNUS OYSTER

The Newest Addition to ASMI Quartz Collection

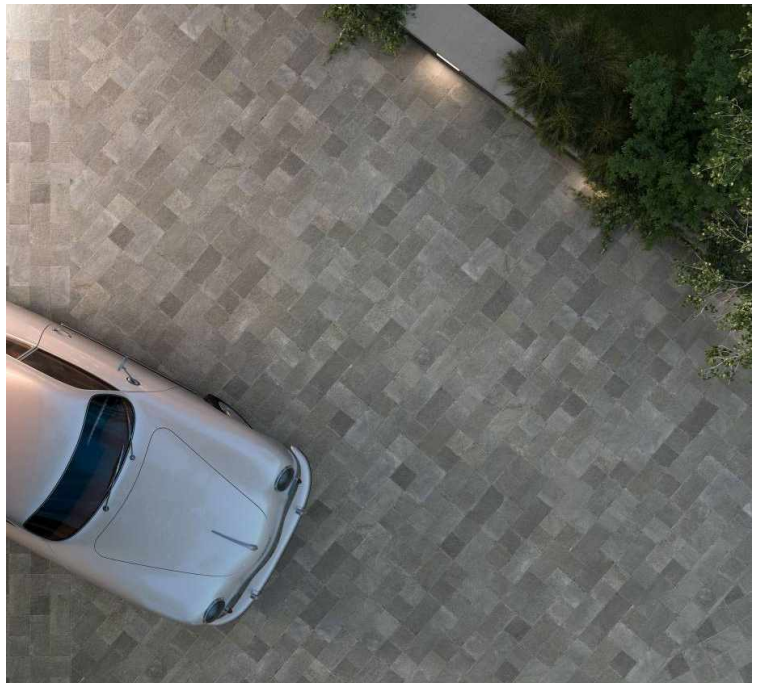

Introducing Magnus Oyster, our latest addition that brings timeless charm with its pristine milky-white base and bold veins. It's the perfect choice for those who want their spaces to feel refined and truly special.

OUTDOOR EXCELLENCE

Transform your outdoor spaces with **Landmark Ceramics' Frontier20 Shapes**. This innovative collection allows you to reimagine your environment with **20mm thick porcelain pavers** available in various creative shapes, sizes, patterns, and colors. Whether enhancing a residential patio or a commercial walkway, Frontier20 Shapes offers endless inspiration for achieving your desired outdoor style.

Landmark Porcelain Pavers

Designed for both beauty and functionality, these high-performance pavers are stain-proof, slip-resistant, and chemical-resistant, requiring minimal maintenance over time. With Frontier20 Shapes, you can easily create unique outdoor floors that express your personal style while enjoying the practicality that comes with superior porcelain materials. Elevate your outdoor experience today! Thank you for joining us this December! We hope you find inspiration in our featured products and designs as you prepare for the new year ahead. Happy decorating from all of us at ASMI Surfaces!

Why us?

Asmi Surfaces is a 'One-Stop-Point' to design the spaces people experience everyday - homes, offices, commercial spaces & every bit of the world around, by being a single point for stocking, selecting, specifying & distributing an exhaustive range of surface materials.
