## Featured Surfaces

### Welcome to the June edition of Masterpiece.

This month, we are focusing on spaces that support calm and clear design. The materials featured include River Blue Marble for countertops, Statuario Lincoln Jumbo for quartz surfaces, Ridgeline by Walkerzanger for floors, and Corsica by Equipe Ceramicas for walls. Each item was selected for its ability to bring consistency and order to interior projects. This edition looks at how these surfaces help create spaces that support function, flow, and simplicity.

### NATURAL LOOKS EVERYDAY LIVING

Elementi Rivestimento takes inspiration from the raw beauty of natural materials translated into timeless ceramic form. Each tile reflects thoughtful texture, subtle color shifts, and a handcrafted feel. Made in Italy, Elementi Rivestimento is designed to bring calm, clarity, and quiet strength to modern spaces.

## **RIDGELINE** by Walkerzanger

Ridgeline's large-format tiles replicate the appearance of wooden oak whilst maintaining the high durability and easy maintenance unique to porcelain. The color range of four natural wooden tones do well to complement the visual texture, creating a versatile look that pairs well with traditional designs or can pair stunningly with any range of unique installations as well.

## NATURAL STONE

# CALACATTA BORGHINI ORO

Sourced from the finest quarries, Calacatta Borghini Oro is a rare natural stone known for its striking composition. It features bold, flowing grey veining with warm gold accents on a pristine base. Each slab presents a distinct movement, offering seamless visual flow and timeless appeal. Ideal for upscale interiors, this stone is selected for exclusive kitchen countertops, feature walls, and statement surfaces where design meets permanence.

## NATURAL STONE

# CALACATTA PAONAZZO

Calacatta Paonazzo is a natural stone defined by bold, directional veining in gray and gold across a light base. Each slab presents a unique movement that creates strong visual interest and structural flow. Sourced from select quarries, it is used in high-end countertop applications, vertical cladding, and custom interior features. Known for its balance of character and natural design
