Classiq Soapstone

By Asmi Quartz

Classique Soapstone Quartz's appeal is its captivating dark greyish-brown background, a rich and deep hue that exudes warmth and character. This elegant backdrop is beautifully intersected by light grey veins, adding a touch of lightness and contrast to the overall design. The subtle interplay between the dark base and the lighter veins creates a dynamic yet refined look, perfect for a range of aesthetic preferences and design themes.

BIBI KHANUM

Porcelain Tile
By Mir Mosaic

inspired by the captivating beauty of Moroccan mosaics and designs. Crafted to exude elegance and intricate detailing, these small porcelain tiles encapsulate the essence of timeless craftsmanship. Whether adorning walls, floors, or other surfaces, these tiles promise to transform interiors into stunning works of art, adding a touch of the mystique of Morocco to any environment.

TITO

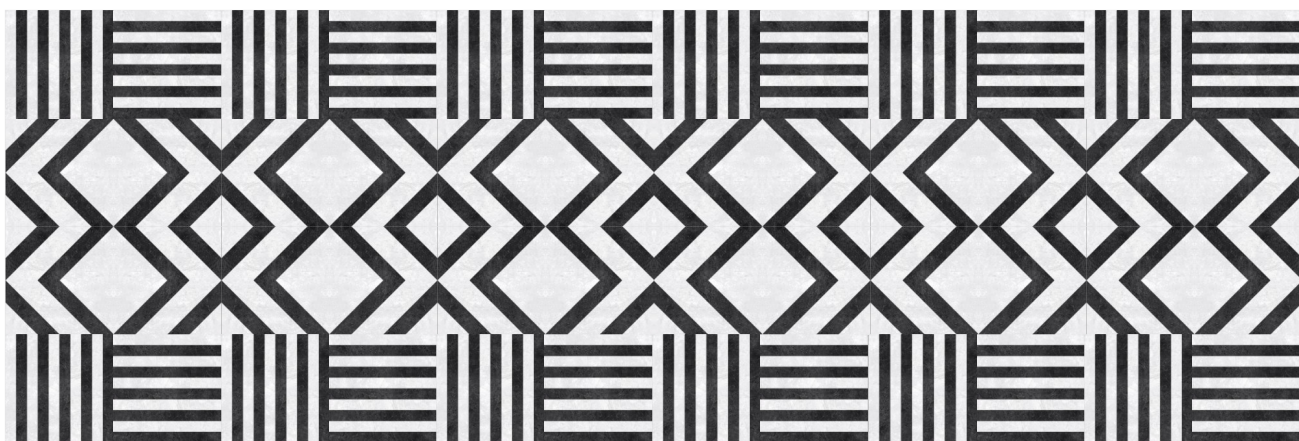

By Symphony

Tito slabs will release their full potential in large spaces such as common or commercial areas' walls, dining or coffee tables, etc. In kitchens and bathrooms keep it simple with furniture and decoration and give all the prominence to the patter.

Combine this engineered printed stone with neutral tones to emphasize the beauty and sincerity of its veins. The touch of color can come from certain furniture and accessories such as chairs, couches, paintings and furniture fixtures.

OFFROAD

Stria & Arrow Decos

Ceramic Tiles By StonePeak Ceramics

Offroad offers two bold decos in honed and polished finishes: the Arrow deco in 12x12 and 24x24 and the Stria deco in 24x24. Their versatile patterns lend themselves to endless design options.

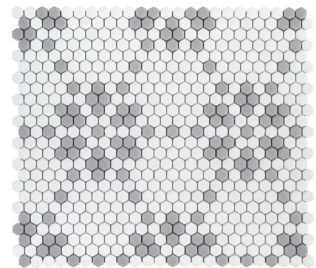

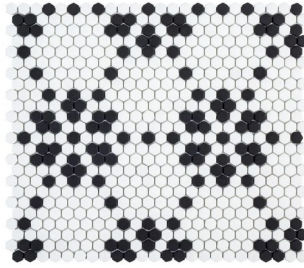

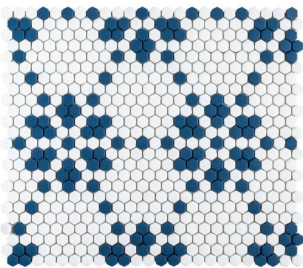

TRIBUNE

*Pressed Glass Mosaics
By Jeffrey Court*

Create a stunning minimalist floral installation with the Tribune Mosaic in Navy. This mosaic features glass which has been pressed and fired in a similar manner to porcelain in a navy blue color with a matte finish. The Tribune pattern consists of colored hexagons creating an elaborate floral pattern against the white hexagon background.

CALACATTA PEARL

NEW

The defining feature of Calacatta Pearl Quartz is its remarkable vein pattern. Thick, light grey veins meander across the surface, offering a soft, subtle contrast that is both sophisticated and alluring. These veins are artfully juxtaposed with rustic, dark grey veins, adding a layer of depth and complexity to the slab. This unique combination of light and dark veining creates a striking visual contrast, making Calacatta Pearl a focal point in any application.

Lately, I've noticed something fascinating making a big comeback in interior design - the classic chessboard pattern. It's all about those chic black and white tiles that are seriously transforming spaces with a blend of elegance that feels both nostalgic and utterly modern. Honestly, it's not just me; there's a whole bunch of us getting swept up in the charm of this timeless design.

**It's like we're rediscovering how these simple,
contrasting tiles can make any room pop with style.
Isn't it amazing how something so classic
can feel so fresh and exciting?**
